Memo to: Current and Prospective *Road Race Management Online Guide* Advertisers

From: Phil Stewart, Editor and Publisher

Re: *Ad Rates for the Free 2014 Road Race Management Online Guide*

Thanks for your interest in advertising in the *Road Race Management Online Guide to Prize Money Races and Elite Athletes*. This free online resource, which has been enthusiastically received by athletes, coaches and others in the running industry, has been totally redesigned for 2014.

We are dependent on the support of our advertisers in order to continue to provide this resource for free. Continually updating the information to make sure it is current requires a great deal of time. **We hope you will consider the value of this resource to the running community in addition to the excellent exposure the *Online Guide* provides your event or service when making your advertising decision. Simply put – industry support is crucial to the success of the *Online Guide*.**

*Advertising insertion orders are now being accepted for the **2014 Online Guide to Prize Money Races and Elite Athletes**.*

The Online Guide offers many unique opportunities for advertisers:

- *The Online Guide is free to users.* There is no charge for athletes, agents, and others in the industry to access the lists of prize money races, elite athlete bios and contacts, and agent contact information.
- *Ads in the Online Guide are dynamic – they can be linked to any electronic or print document.*

For example, your event ad can link directly to the part of your event website that contains information specific to elite athletes or potential expo exhibitors.

However, if your event prefers not to put details about its prize money or elite athlete invitations on the website that is viewed by the general running public, your ad can link to any type of document that you want to provide. Another variation of this option is simply to provide an updated version of a print ad that you may have done in the past, and we can link to the print ad. The beauty of this format is the different opportunities to provide more specific information than is possible in a static print ad.

- *These links can be changed during the course of the year.* Just send us updates or changes to your linked information and we will post the changes. The electronic ads provide a 365-day opportunity to tailor your message directly to elite athletes, agents, coaches and potential expo exhibitors.

- *The online ads will be visible around the perimeter of every “page” of the Guide.* Rather than being limited to a single page as in a printed book, the online ads will display around the perimeter (or “Frame”) of the website.
- *There will be two “premium” position banner ads of 728 x 90 pixels across the top of the website.* Other available sizes are 160 x 120 pixels, 160 x 240 pixels and 160 x 360 pixels.

If you would like to see a page that shows the ad placements, please go to:

I hope you will join us and support this vital online publication.
